

Makita[®]

18V 180mm (7") Jobsite Fan

DCF102Z

LXT[®]

THE LXT ADVANTAGE

4 key components make up our LXT® Advantage, providing you with the most advanced, dependable 18V tools on the market. Our fast-charging batteries, rapid optimum chargers, industry leading brushless motors and our STAR Protection computer controls make each and every one of the world's largest 18V range of tools the best option for the job, no question.

Product Objectives

- Designed to suit the needs of trades people in any industry that require a compact mobile jobsite fan providing air circulation and cooling.
- Develop a mobile compact fan powered by either AC or 18V batteries with high air volume output

Product Overview

Product Specification Sheet

Max. wind velocity	High: 180m/min Med: 150m/min Low: 120m/min
Max. air volume	High: 4.6m ³ /min Med: 3.8m ³ /min Low: 3.0m ³ /min
Continuous runtime 4.0Ah battery	High: 275mins Med: 380mins Low: 630mins
Overall length	185mm
Skin weight	1.3kg
Weight (with battery)	1.7kg
Voltage	18V

- **Low noise** – fan blades and fan cover have been designed to make less wind noise during operation
- **Off-timer switch** – three off-timer settings: 1 / 2 / 4 hours
- **Automatic Oscillation** – fan can oscillate automatically 45° left/right
- **18V or AC Powered** – for added convenience you can power with either 18V LXT batteries or AC power plug
- **3 Speed Modes** – High / Med / Low fan speeds, selectable on the LED touch panel. The fan remembers last mode running before being switched off
- **Adjustable hook** – on the back of the fan pivots up and down allowing the user to hang the tool in a variety of positions
- **Dual power source** – powered by either optional 18V Batteries or optional AC power adaptor

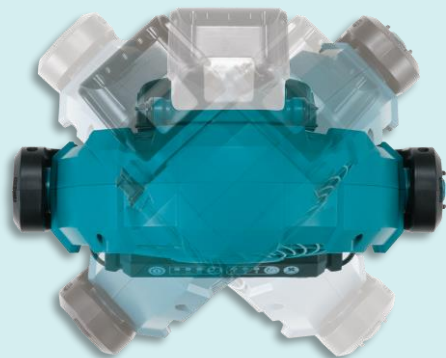

Advantages

Power

3 speed selector for optimal air velocity control

Versatility

Automatic Oscillation: 45° left/right

Convenience

Powered by either 18V batteries or AC power

Durable

Durable design engineered to withstand the jobsite environment
