

12V MAX Brushless Driver Drill

DF332D

BL
MOTOR

CXT

Product Objectives

- Develop a 12V MAX brushless driver drill, that is powered by 12V Li-ion slide type batteries, is more compact and has longer run times then anything on the market
- Designed to suit the needs of kitchen fitters, second fix carpenters, electricians, plumbers and mechanics

Product Overview

Makita

CXT

**BL
MOTOR**

*Model HP332D shown above

Product Specification Sheet

- **LED Joblight** – with pre-glow and after glow function, lights up the work piece making it easier to view working area
- **Variable speed trigger** – trigger has been designed so that drill speed can be easily controlled via the trigger
- **CXT (Compact eXtreme Technology)** – ultra compact and lightweight design allows users to comfortably handle the tools for prolonged periods of time
- **Mechanical 2 speed** – provides the user with more control of the tool, allowing selection between 2 speeds
- **Ergonomic design** – In order to provide maximum thrust to the bit, the top back of the handle is ergonomically contoured and widened to perfectly fit the U-shape between thumb and index finger
- **Brushless motor** – newly designed compact high power brushless motor enables higher power and longer run times

No load speed: rpm	Hi: 0-1,500 Lo: 0-450
--------------------	--------------------------

Capacity of drill chuck: mm	0.8-10
-----------------------------	--------

Max. capacity: mm	Steel	10
	Wood	28

Max. tightening torque: N.m	Hard: 35 Soft: 21
-----------------------------	----------------------

Weight with BL1021B: kg	1.0kg
-------------------------	-------

Performance

High performance compact brushless motor

Control

Ergonomically designed for best possible drilling and driving applications

Compact

Compact eXtreme Technology
Compact and lightweight range of tools

Innovation

New 12V Max platform, featuring the newly developed slide Li-ion battery

Our Range

Makita

HP332D – 12V MAX Mobile
Brushless Hammer Driver Drill

DF332D – 12V MAX Mobile
Brushless Driver Drill

HP331D – 12V MAX Mobile
Hammer Driver Drill

DF331D – 12V MAX Mobile
Driver Drill

DF031D – 12V MAX Mobile
Driver Drill

TD110D – 12V MAX Mobile
Impact Driver

HS301D – 12V MAX Mobile
Circular Saw

JR103D – 12V MAX Mobile
Recipro Saw

Accessories

Standard Equipment

	-	Phillip's screwdriver double ended bit
	-	Belt clip
	821661-1	Carry Case (*HP332DSAE and DF332DSAE Only)

Optional Equipment

		<u>Wood Drilling (3-28mm)</u> Flat spade bits Brad point drill bit Forstner drill bit Single spur auger bit Ship wood auger bit Self feeding bit
---	--	---

Optional Equipment

		<u>Metal Drilling – (1-10mm)</u> HSS-G metal drill bit HSS-R metal drill bit Double ended HSS-R drill bit M-Force metal drill bit HSS-TiN metal drill bit HSS-Co metal drill bit
		<u>Screwing and fastening</u> Standard screw driving bits Standard flip top case Standard screwdriver bulk jars
