18V 18Ga C1 Brad Nailer

DFN350

Makita

LXT

THE LXT ADVANTAGE

4 key components make up our LXT® Advantage, providing you with the most advanced, dependable 18V tools on the market. Our fast-charging batteries, rapid optimum chargers, industry leading brushless motors and our STAR Protection computer controls make each and every one of the world's largest 18V range of tools the best option for the job, no question.

Product Objectives

- Designed to suit the needs of second fix carpenters, cabinet makers and joiners and shop fitters
- Develop a 18Ga nail gun that is compact and light weight with a rapid fire rate and counterbalance mechanism for comfortable use

Product Overview

Product Specification Sheet

Fastener length	15 - 35mm
Gauge	18Ga
Magazine capacity	110pcs
Sound pressure level	81dB(A)
Vibration	2.5m/s ²
Overall length	257mm
Skin weight	1.8kg
Weight (with battery)	2.4kg
Voltage	18V

- **Compact overall length** – at only 2.4kg in weight with the 6.0Ah battery and 228mm in length the nailer is highly maneuverable
- **Counter balance mechanism** – reduces the rebound force of the nailer allowing for a higher quality finish as the nailer doesn't rebound off the surface skewing the nail
- **Depth driving adjustment** – depth of nailing can be adjusted by turning the adjuster. Scrolling the adjuster up will sink the nail further into the material and scrolling down will make the nail sit proud
- **Slim nose tip** – nose tip is only 6mm in high allowing for easy aiming for precision nail placement
- **Ergonomically designed** – the tools centre of gravity enables the tool to sit comfortably in the users hand for controlled and comfortable use
- **100 piece magazine capacity** – includes remaining nail window with red indicator displaying when remaining nails is becoming low
- **LED joblight** – once the trigger switch is engaged the light will turn on and the light will turn off 10 seconds after releasing the trigger

Advantages

Innovation

Counter weight mechanism
Reduces rebound force

Control

Lightweight design and tool balance ensure
controlled and comfortable use

Power

Spring drive motor delivers over 4,000 nails
runtime on a 6.0Ah battery

Convenience

Remaining nail indicator displaying
remaining number of nails
