

DHS901

18V Brushless 235mm (9-1/4") Circular

18Vx2 18V + 18V 36V  
**BRUSHLESS**

# Product Objectives

- Expand the world's largest range of 18V power tools with our first line up of brushless 235mm circular saws
- Ideal for a wide range of trades requiring a large cut capacity circular saw with AC power without the cord

# Product Overview

Ergonomic design

18Vx2 Brushless

Dust extraction nozzle

Efficut blade

**AWS**  
Auto - start Wireless System

**ADT**

Large bevel capacity

Twin LED job light

# Product Specification Sheet

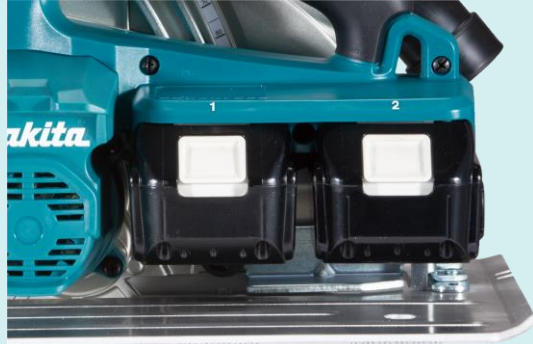

Max. cutting capacities at 0°	85mm
Max. cutting capacities at 45°	61mm
Max. cutting capacities at 50°	41mm
Bevel capacity	-1°- 60°
Blade diameter	235mm (9-1/4")
Bore diameter	25mm
No load speed	4,500rpm
Overall length	430mm
Skin Weight	5.2kg
Weight (with battery)	6.4kg
Voltage	(36V) 18Vx2

- **Ergonomic design** – improved control and comfort for the user
- **18Vx2 Brushless** – delivers superior performance that truly replaces the need for an AC powered saw thanks to a purpose built brushless motor and the power of 18Vx2 technology
- **Dust extraction nozzle** – for connection to dust extraction vacuum
- **Efficut blade** – delivers superior performance with an advanced cutting design. Increases runtime and cutting speeds
- **Electric brake** – quickly stops the blade rotation after the switch has been disengaged
- **AWS (Auto-start Wireless System)** – on demand dust extraction via Bluetooth connection
- **ADT (Automatic torque Drive Technology)** – automatically gives optimal rpm to torque ratio to produce the fastest cut in light or hard applications
- **Large bevel capacity** – bevel cuts up to -1° left and 60° right for a wide range of applications
- **Twin LED job light** – for improved visibility in low light environments

# Advantages

## Power

Powered by an 18Vx2 Brushless motor and ADT technology for optimum cutting

## Convenience

Massive 85mm Cutting Capacity

## Innovation

AWS Autostart Wireless System  
Wirelessly engages compatible Bluetooth vacuum

## Safety

Electric blade brake rapidly slows the blade after trigger has been released

# Advantages

## World's First

The DHS901 is the first of its kind, addressing this issue of a lack of massive cutting capacity with cordless mobility.

It is the first cordless 9-1/4" Circular Saw, powered by a 18Vx2 Brushless Motor providing high efficiency cutting equal to that of a corded circular saw. It has an industry leading 85mm cutting capacity with up to 60 degrees bevel capacity.

235mm Blade

**85mm**

Cut capacity at 0°
