# Variable Speed Recipro Saw

JR3051TK

# Setup Data

Model No.	Barcode	Description	Packaging Dimensions LxWxH (cm)	Packaged Item Weight (kg)
JR3051TK	0088381891905	30MM RECIPRO SAW 1200W VARIABLE SPEED	55 x 31 x 13cm	5.7kg

# Product Objectives

- Designed for tasks such as demolition, wood cutting, metal cutting, plaster, and plastics
- The JR3051TK replaces the JR3050T

# Product Overview

Tool-less blade change

Lock-on button

Pivoting, fixed shoe

Variable Speed Trigger

Soft grip for increased comfort

# Product Specification Sheet

- **Powerful motor** – 1,200W\* motor delivers up to 3,000 strokes per minute
- **Tool-less blade change** – one touch tool-less blade change for fast blade installation and removal
- **Variable speed trigger** – large 2-finger variable speed trigger for precise cutting in a wide range of applications
- **Lock-on button** – for continuous operation, pull the switch trigger than push in the lock button
- **Soft grip** – for increased comfort
- **Well balanced design** – only 3.2kg and 447mm long for reduced operator fatigue and continued use
- **Tool hook** – secures the tool when not in use (optional accessory)

Max. cutting capacities in wood	255mm
Max. cutting capacities in pipe	130mm
Length of stroke	30mm
Strokes per minute	0 - 3,000spm
Continuous rating input	1,200W
Overall length	447mm
Net weight	3.2kg
Power supply cord	2.0m

\*Continuous rating input

# Advantages

## Power

Powerful 1,200W (continuous rating input) motor for continuous operation; 0 – 3,000spm

## Efficiency

Tool-less blade change for fast and easy blade installation & removal

## Control

Large variable speed trigger for ultimate control

## Comfort

Rubberized grip for comfortable extended use

# Product Replacement

	JR3050T - Discontinued	JR3051TK
