

**XGT**

HEAVY DUTY BRUSHLESS

**UX01G**

40V Max Brushless  
Multi-Function  
Powerhead

# Product Overview

HEAVY DUTY BRUSHLESS

High power output

IPX4 Rated

Reverse mode

3 Speed Settings

Compatible with a range of attachments

Lever Lock Attachment System

# Product Specifications

HEAVY DUTY BRUSHLESS

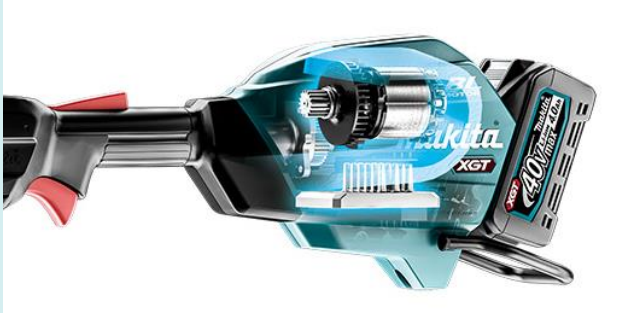

- **High Power Output** – the high power 40V Max XGT Li-Ion battery allows for continuous operation in heavy-duty applications. Delivering 1kW of max power output.
- **Active Feedback Technology** – senses a sudden decrease in rotation and stops the motor to prevent harsh kickback.
- **Reverse Switch** – when used with the line trimmer attachment, any grass clippings that become tangled around the nylon head are removed by the head rotating in the opposite direction.
- **Compatible with up to 12 attachments** – take on any task thanks to the versatility of the UX01GZ which is compatible with hedge trimmer, chainsaws, cultivators, sweepers, line trimmers, edgers and blowers.
- **3 Speed Settings** – allow the user to cycle through the Low, Medium and High speeds to match the right speed with the task at hand.
- **Quick Lever Lock System** – allows for quick toolless installation and replacement of attachments leading to less downtime between tasks and more work being completed.
- **IPX4 Rated** – provides high resistance to water allowing operation in harsh conditions

Max. power output	1kW
No load speed	Low: 0 – 5,700rpm Medium: 0 – 8,200rpm High: 0 – 9,700rpm
Overall length	1,027mm
Skin weight	3.5kg
Voltage	40V Max

# Advantages

## Heavy Duty Power

Powered by XGT 40V Max battery allowing for continuous heavy duty operation

## Durability

IPX4 allows for use in wet weather situations without damage to the motor

## Convenience

Quick transitions between attachments with simple lever lock design

## Safety

Active Feedback sensing Technology stops the motor if a sudden decrease of rotation is detected
