

CONCRETE CORE CUTTERS

SDS MAX SHANK

- Fast penetration thanks to the chisel-shaped carbide teeth
- 3 Flute for faster debris removal
- 20mm Tri-Cutter centering bit
- New conical shaft design for more comfort during drilling

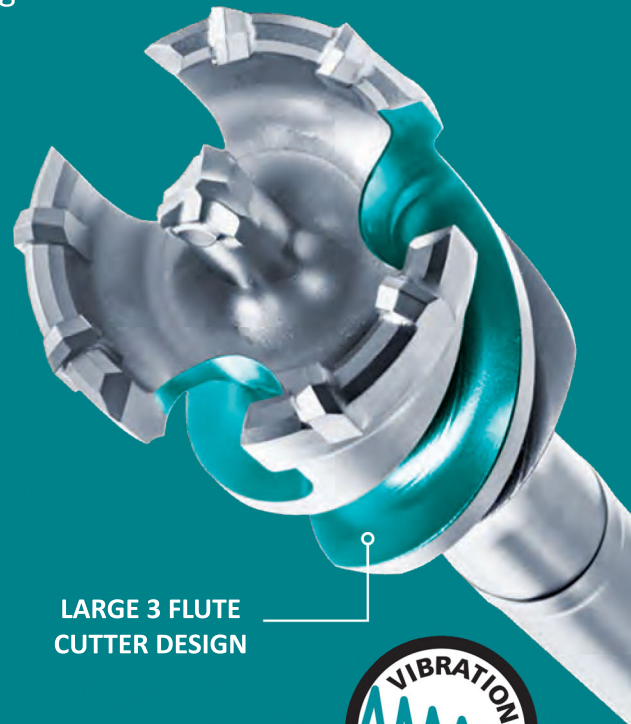

60% LONGER LIFE
(Compared to previous core cutter)

AGGRESSIVE OUTER CUTTING RING
with deep inserted carbide teeth for longer life

LARGE 20MM TRI-CUTTER CENTERING DRILL BIT

LARGE 3 FLUTE CUTTER DESIGN

CONICAL SHAFT DESIGN = MORE COMFORT

| PART NO. | DESCRIPTION | | Materials – The MAK-MAX tunnel bit enables drilling through holes even in extremely hard materials | | | |
|----------|---|--|---|-----|---------------------|----|
| B-57629 | Concrete Core Cutter SDS Max 40mm x 550mm | | Concrete | *** | Natural Stone | ** |
| B-57635 | Concrete Core Cutter SDS Max 45mm x 550mm | | Solid brick | *** | Hollow hole brick | ** |
| B-57657 | Concrete Core Cutter SDS Max 55mm x 550mm | | Lime sandstone | *** | Reinforced concrete | ** |
| B-57679 | Concrete Core Cutter SDS Max 65mm x 550mm | | *** = Highly suitable ** = Suitable | | | |
| B-57691 | Concrete Core Cutter SDS Max 80mm x 550mm | | | | | |
